... A candidate for 'Most ugly motorcycle of all time' and ineffective mirrors. ... The guy ahead in full leathers is knee down on another Multistrada and I'm inching forward bit by bit. Got to do better than that. It's time for the chunky shuffle.

- points – front fairing is ugly enough to be likened by one motorcycle journalist “to a cat with wet fur”. Sounds daft until you look at a Multistrada head on. Year: 2003-2006 Power: 92bhp, 68ft lbs Wet weight: 229kg Seat height: 820mm Colours: red, black

The Ducati Multistrada is a sort of do-it-all Sporting twin too, but conceptually it's something else and looks more like a political refugee from the swinging sixties. The Multistrada shocked the world at the 2001 Milan show and then went on sale in 2003. The first year bike had some teething problems. The side-stand was too short allowing the bike to topple over quicker than a toddler, the seat was nothing more than a piece of plywood covered with vinyl and delicate mirrors broke easily and were placed far too close together to see anything more than your own shoulders.
