The archaeology of those ancient Romans is certainly part of the lure. The New Basilica, built between 306 – 313 AD Most people on their way to Rome have seen pictures of the Colosseum and have some real appreciation of just how big the amphitheatre still is nearly two thousand years on.

Rome, the Eternal Archaeological City | Archaeology Travel

Augustus divided Rome into 14 regiones (administrative regions), and the bulk of the first volume draws from physical remains as well as ancient texts to explain their history and development from sometimes mythical beginnings through to the medieval period, and their presentation today. The Circus Maximus, a well-known archaeological attraction, is a prominent part of the Augustan Regio XI, the second smallest of Rome's regions, which has legendary links to both Heracles and Aeneas.

Review: The Atlas of Ancient Rome - World Archaeology

A rare inscription discovered on an olive press at an ancient Roman bath complex is revealing secrets about rural life in late antiquity. The "Roman Balneum" is a bathing complex at Rafina, a famous suburban port town located on the eastern coast of Attica in the municipality of Arafinos in Greece. Here, the discovery of a rare olive press basin with a unique inscription is "changing the ...
