The design is clear.  
The earliest swords  
from the period  
were actually made  
of stone, used in  
prehistoric times.  
Then, during the  
Shang Dynasty  
(1600 BC to 1046  
BC), the first  
bronze workings led  
to the development  
of rudimentary  
metal weapons.

# Online Library Chinese Swords The Evolution

## History of Chinese swords | Sword history

Historically, all Chinese swords are classified into two types, jian and dao. Jians are double-edged straight swords while daos are single-edged, and mostly curved from the Song

# Online Library Chinese Swords

dynasty forward.  
The jian has been translated at times as a long sword, and the dao a saber or a knife. Bronze jians appeared during the mid-third century BC and switched to wrought iron and steel during the late Warring States period. Other than
