The contributors to this volume analyze the rise of the socialist welfare system, its advantages and disadvantages. The main focus of the volume is the analysis of the changes carried out and also those expected in the welfare system in the USSR, Poland and Hungary as a result of economic reforms.

Investigates substantial increases in construction costs.

Considers U.S. acceptance of the revised constitution of the International Labor Organization and authorization of U.S. participation funds.

The book Sahaja Yoga: Healing and Integration of Your Subtle Energy System, written by Saraswati Raman, describes at length the process of activating the dormant Kundalini energy lying within the sacrum bone in each one of us and raising it upward through the chakras along the spinal column through the Sushumna Nadi until it reaches the Sahasrar, or the fontanel bone area, where it unites with the cosmic energy. She speaks of the various healing benefits of Sahaja Yoga: stress management and its utility in attaining an emotional balance. The second part of the book deals with the use of sound, musical notes, and ragas in the activation and energizing of chakras. Music also has been widely used as therapy through its impact on the energy vortices and, thereby, its influence on the various glands and systems within the body. The third part speaks about incarnations and how the various Avatars incarnated to give an impetus to evolution on earth more particularly toward helping the momentum in the evolution of humanity. The work is the outcome of her own application of Sahaja Yoga and its impact in bringing about an all-around integration of the personality—physical, emotional, intellectual, and spiritual.

The other day, I was listening to the talk given by Shri Mataji on the occasion of Her birthday Puja celebrations at Sydney on 21st March 1990. Expressing how overwhelmed She felt at the lovely messages, beautiful decorations, thoughtful gifts and letters of devotees not only from Sydney but from all over the world, She said that what had started off from a single point had now encompassed the whole world like an ocean of joy and fulfillment. What more could one ask for than ruminate over the sweetness and find out an occasion to return to that joy through loving gestures, caring actions and nice thoughtful words. She had expressed on that occasion that it would be a good idea to bring out a collection in the form of a book of all the nice things that can be said and done, provided it is done at the right time, right place and on the right occasion. This book is an endeavor to put together a few of the introspective transformations that one can bring about in moments of thoughtless awareness to brighten up one's own life as a part of the evolutionary process that we are all undergoing. And what better gift could be than to present this creative endeavor at the holy feet of our Dear Mother who has given us so much all in a span of one life time and that too actualizing it for us. I hope you will enjoy reading it and picking up the right flower from the garden of this collection and presenting it to the right person on the right occasion as we so often have found our beloved Mother taking all the care in the world to do so for us.

Examines what daily life was like for ordinary people in the Soviet Union from 1917 to 1991, discussing government and law, the military, economy, class structure, housing, education, health care, the arts, religion, and other topics.
