In late 1888, only weeks before his final collapse into madness, Nietzsche (1844-1900) set out to compose his autobiography, and *Ecce Homo* remains one of the most intriguing yet bizarre examples of the genre ever written. In this extraordinary work Nietzsche traces his life, work and development as a philosopher, examines the heroes he has identified with, struggled against and then overcome - Schopenhauer, Wagner, Socrates, Christ - and predicts the cataclysmic impact of his 'forthcoming revelation of all values'. Both self-celebrating and self-mocking, penetrating and strange, *Ecce Homo* gives the final, definitive expression to Nietzsche's main beliefs and is in every way his last testament.

Wie man wird, was man ist* ist eine autobiographische Schrift des Philosophen Friedrich Nietzsche. Nietzsche arbeitete von Oktober 1888 bis zu seinem Zusammenbruch Anfang 1889 an dem Werk, das zum ersten Mal 1908 im Auftrag des Nietzsche-Archivs veröffentlicht wurde. Es ist nicht vollständig überliefert und in seiner heute anerkannten Form erst seit den 1970ern bekannt. In *Ecce homo* gibt Nietzsche rückblickend Deutungen seiner philosophischen Schriften und präsentiert sich selbst und seine Erkenntnisse als schicksalhafte Ereignisse von weltbewegender Größe. Dabei stehen die Themen seines Spätwerks, besonders die Kritik am Christentum und die angekündigte „Umwertung aller Werte“, im Vordergrund. (aus wikipedia.de)

In late 1888, a few weeks before his descent into madness, Friedrich Nietzsche set out to compose his life story. *Ecce Homo: How One Becomes What One Is* remains one of the most remarkable autobiographies ever written, a powerful work of genius in which the German philosopher critiques his own works (and those of others) and weighs in on a plethora of subjects, from vices to vegetarianism.

For the title of his autobiography, Friedrich Nietzsche chose Pilate's words upon discharging Christ to the mob: *Ecce Homo*, or "Behold the man". The original subtitle, *How One Becomes What One is*, suggests psychologically intriguing exploration of the philosopher's personal history.

In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "*Ecce Homo: How One Becomes What One Is*." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

"The Will to Power (Vol.1&2)" describes what Nietzsche may have believed to be the main driving force in humans – achievement, ambition, and the striving to reach the highest possible position in life. These are all manifestations of the will to power; however, the concept was never systematically defined in Nietzsche's work, leaving its interpretation open to debate. "Ecce Homo: How One Becomes What One Is" is the last book written by Nietzsche before his final years of insanity that lasted until his death in 1900. According to Walter Kaufmann, Nietzsche's most prominent English translators, the book offers "Nietzsche's own interpretation of his development, his works, and his significance." "Selected Letters" includes various personal letters by Nietzsche to his family and friends. Friedrich Nietzsche (1844–1900) was a German philosopher, poet, and Latin and Greek scholar whose work has exerted a profound influence on Western philosophy and modern intellectual history. Because of Nietzsche's evocative style and provocative ideas, his philosophy generates passionate reactions. His works remain controversial, due to varying interpretations and misinterpretations of his work. In the Western philosophy tradition, Nietzsche's writings have been described as the unique case of free revolutionary thought, that is, revolutionary in its structure and problems, although not tied to any revolutionary project.

In late 1888, a few weeks before his descent into madness, Friedrich Nietzsche set out to compose his life story. Ecce Homo: How One Becomes What One Is remains one of the most remarkable autobiographies ever written, a powerful work of genius in which the German philosopher critiques his own works (and those of others) and weighs in on a plethora of subjects, from mastering self-control to female sexuality. Seemingly trivial topics are interwoven into passages of complex reasoning on philosophical problems. This most bizarre but fascinating of autobiographies is essential reading for students of Nietzsche and anyone looking for profound insights into life from one of the greatest thinkers of the Western world.

Friedrich Nietzsche's intellectual autobiography Ecce Homo has always been a controversial book. Nietzsche prepared it for publication just before he became incurably insane in early 1889, but it was held back until after his death, and finally appeared only in 1908. For much of the first century of its reception, Ecce Homo met with a sceptical response and was viewed as merely a testament to its author's incipient madness. This was hardly surprising, since he is deliberately outrageous with the 'megalomaniacal' self-advertisement of his chapter titles, and brazenly claims 'I am not a man, I am dynamite' as he attempts to explode one preconception after another in the Western philosophical tradition. In recent decades there has been increased interest in the work, especially in the English-speaking world, but the present volume is the first collection of essays in any language devoted to the work. Most of the essays are selected from the proceedings of an international conference held in London to mark the centenary of the first publication of Ecce Homo in 2008. They are supplemented by a number of specially commissioned essays. Contributors include established and emerging Nietzsche scholars from the UK and USA, Germany and France, Portugal, Sweden and the Netherlands.
