» Ich bin einer von ungezählten Millionen, die durch Nelson Mandelas Leben inspiriert wurden. « Barack Obama Eine fast drei Jahrzehnte währendende Gefährdung Nelson Mandela zum Mythos der schwarzen Befreiungsbewegung werden. Kaum ein anderer Politiker unserer Zeit symbolisiert heute in solchem Maße die Friedenshoffnungen der Menschheit und den Gedanken der Aussöhnung aller Rassen wie der ehemalige südafrikanische Präsident und Friedensnobelpreisträger. Auch nach seinem Tod finden seine ungebrochene Charakterstärke und Menschenfreundlichkeit die Bewunderung aller friedenswilligen Menschen auf der Welt. Mandelas Lebensgeschichte ist über die politische Bedeutung hinaus ein spannend zu lesendes, kenntnis- und faktenreiches Dokument menschlicher Entwicklung unter Bedingungen und Faktoren, vor denen die meisten Menschen innerlich wie üblicherweise kapituliert haben dürften.

A compelling narrative on what went wrong with our financial system—and who's to blame. From an award-winning journalist who has been covering the industry for more than a decade, The Devil's Derivatives charts the untold story of modern financial innovation—how investment banks invented new financial products, how investors across the world were wooed into buying them, how regulators were seduced by the political rewards of easy credit, and how speculators made a killing from the near-meltdown of the financial system. Author Nicholas Dunbar demystifies the revolution that briefly gave finance the same intellectual respectability as theoretical physics. He explains how bankers worldwide created a secret trillion-dollar machine that delivered cheap mortgages to the masses and riches beyond dreams to the financial innovators. Fundamental to this saga is how "the people who hated to lose" were persuaded to accept risk by "the people who loved to win." Why did people come to trust and respect arcane financial tools? Who were the bankers competing to assemble the basic components into increasingly intricate machines? How did this process achieve its own unstoppable momentum—ending in collapse, bailouts, and a public outcry against the giants of finance? Provocative and intriguing, The Devil's Derivatives sheds much-needed light on the forces that fueled the most brutal economic downturn since the Great Depression.

\* Für Jungs zwischen 10 und 13 Jahren in jugendgerechter Sprache \* Spannend, offen, altersgerecht \* Alles, was ein Junge in der Pubertät wissen muss Wie überlebe ich die Pubertät? Wie ticken Mädchen? Was verändert sich in mir? Warum wächst mir ein Bart? Was passiert beim Stimmbruch? Veränderungen des Körpers, Schulprobleme, Stress mit den Eltern oder Freunden sind genauso wichtige Themen wie die ersten Annäherungsversuche mit dem anderen Geschlecht oder Sex. In diesem Buch finden Jungs Antworten auf viele Fragen, die sie bewegen.
