In LG service center I saw many devices have the same problem , I thought at first it is maybe a firmware problem but the technician couldn't confirm and he told the they reported the problem to LG . Shame on LG , if it is a general problem they should fix it by free or replace the device . Any way , I am thinking like you to use the speakers with another AV receiver , the speakers power are ...

The LG HX965TZ 5.1 home cinema kit is a very elegant system with very good surround sound but it is expensive for the few network features it provides and there are a number of operating frustrations. It has tall floorstanding front and rear speakers, but you can detach the top part and wall mount them if you wish.
