In the first cross-cultural study of manhood as an achieved status, anthropologist David D. Gilmore finds that a culturally sanctioned stress on manliness-on toughness and aggressiveness, stoicism and sexuality-is almost universal, deeply ingrained in the consciousness of hunters and fishermen, workers and warriors, poets and peasants who have little else in common.

### Manhood in the Making: Cultural Concepts of Masculinity on ...

David Gilmore's Manhood in the Making provides an interesting glimpse at the ways masculinity is defined in various cultures. It is a view that is, unfortunately, somewhat marred by the author's overly credulous acceptance of psychoanalytic and other soft-science theory, and his seemingly lack of curiosity about the work of neuroscientists and evolutionary biologists that could cast some much-needed light on his work.
